

Look *and* feel your best

The best way to lose weight and keep it off is by hiring expert professionals who can design a personalized exercise and nutrition program just for your body, goals and lifestyle.

Group classes are usually too easy or too hard with little individual attention. Unsupervised lifting without proper guidance can easily get you injured. The hustle and bustle of a crowded gym makes it hard to train efficiently. Dieting without resistance training causes muscle loss, which in turn leads to a rebound in bodyfat gain.

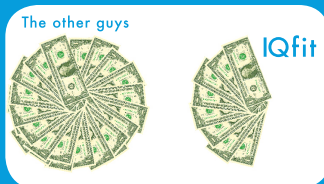

IQFit is Mid-Michigan's most *Affordable Personal Training and Nutritional Consulting*. Our Personalized expertise will result in permanent weight loss, tone, strength, and healthier body. Our Clientele has ballooned 5 times over in the last two years and we now have two locations because our programs are both affordable and effective.

A gym membership is only as effective as your ability to use it. Without a good understanding on how to safely and effectively train your body, it's only a matter of time before you get frustrated and injured, which is exactly what most of our clients have experienced. **Don't just workout, train your body properly with the most effective way to lose weight – Affordable Personal Training at IQFit.**
